

Exercise: Interviewing a close adult

Interview a parent or other adult at home (e.g. grandparents, neighbors, godparents)

Record or film the interview or you can also write the answers on paper. You can also use the interview form on page 2.

Interview questions:

- What devices do you use? (Phone, tablet, computer, game console...)
- What do you do with these devices? (f. ex. apps, internet...)
- With whom do you use technology with?
- What do you like about technology? What don't you like?
- Can something good be done with technology? What is good about technology? Does technology ever make you feel good? When does technology make you happy?
- Can something bad be done with technology? What is bad about technology? Does technology ever make you feel bad? When does technology make you sad?

Send the audio/video files to your teacher or return the interview form.
